RC CABINETS ANNOUNCES PROMOTION IN TUCSON DIVISION

Phoenix, AZ, June 25, 2008 --- RC Cabinets, a Tempe-based cabinet supplier for production and custom home builders, announced the addition Biagio “Gino” Fiasche to its Tucson Division Business Development Team. Gino joins the organization as Business Development Manager – Tucson.

Gino brings over 20 years of extensive cabinetry industry experience to RC Cabinets. Originally from Toronto, Canada, he worked for a cabinet manufacturing company where he managed customer service functions and served as General Manager and Operation/Production Manager. In his prior position before joining RC Cabinets, Gino spent three years as a project manager with a national home builder.

“We are pleased to add Gino to our growing sales and business development team in the Arizona,” said Bob Boscamp, President and CEO of RC Cabinets. “His experience will be pivotal to the company in serving our customers with a southern Arizona presence.”

RC Cabinets manufactures and distributes its own line of custom cabinetry and, installs and services several cabinet brands including OakCraft, Mid Continent, UltraCraft and SpaceMaker wall bed systems. The company serves many of the valley’s top-ranked production and custom home builders and is one of Arizona’s premier cabinet companies. Its headquarters are located at 4646 South Ash Avenue, Suite 101. More information can be found at www.rccabinets.com.
